## 基本检索

The screenshot shows the ProQuest search interface with several key components highlighted:

- Top Navigation:** Includes "Sign into My Research", "Bookshelf", "Exit ProQuest", and "English".
- Search Bar:** Features a search input field, a search button, and filters for "Full text" and "Peer reviewed".
- Document Type Selection:** A row of buttons for "All", "Scholarly Journals", "Books", "Videos & Audio", "Dissertations & Theses", and "More".
- Search Tips:** A section with four cards: "su()", "Go to Publications to search or browse specific journals, newspapers, magazines, or books.", "Watch our video tutorial for an introduction on using the basic search form", and "Search the help documentation".
- Search by subject area:** A section with a "Search a subject area or view a list of databases organized by subject." link.
- Database Selection:** A list of databases with checkboxes and a "Full Text Included" option. The list includes:

Full text Full text - PDF Abstract/Details

Abstract

Objective  
 To determine secondhand smoke (SHS) concentrations in prisons during the week of implementation of a new, national prisons smoke-free policy.

Design  
 Repeated measurement of SHS concentrations immediately before and after implementation of smoke-free policies across all 15 prisons in Scotland, and comparison with previously gathered baseline data from 2016.

Methods  
 More

Full text  
 Full text - PDF Abstract/Details

Introduction  
 Secondhand smoke is a serious indoor air pollutant linked to many illnesses, including cardiovascular disease, cancer and chronic obstructive pulmonary disease.<sup>1</sup> Exposure to SHS in indoor environments reduce exposure to SHS<sup>2</sup> and improve health.<sup>3,4</sup> SHS exposure has been a concern for workers who are or were occupationally exposed to SHS, for example, restaurant staff<sup>5</sup> and airline cabin crew.<sup>6</sup>
